OIL BLND CNOLA/XVRGN 90/10 6-1GAL GFS	2 Tablespoon	732900

Preparation Instructions

Recipe 1912s

- 1) Spray 16" Pizza Screen with pan spray
 - 2) Place dough on Pizza Screen. Cover and store in cooler overnight.
 - 3) Allow crust to reach room temp and double in size. Brush crust with seasoned oil.
 - 4) Place 8 oz of sauce in center of dough. Spread sauce evenly over crust, leaving clear a 1" border around the edge. Be sure to thin it out in center so it cooks evenly
 - 5) Weigh out 16 oz of cheese. Place in the center of the dough, feathering out evenly so it just extends beyond the sauce line. The center should be sparsely covered.
 - 6) Sprinkle oregano over cheese before topping with remaining ingredients.
 - 7) Spread pepperoni in 3 rings on pizza, leaving center of pizza free of pepperoni. 8) Cover and refrigerate until ready to bake. Hold in cooler at 40°F or below.
1. Bake in a 375° convection oven for 7-10 minutes, rotating halfway through. Cheese should be slightly spotty brown and bottom crust hold have some color. For Impinger Oven Bake at 500F for 4.5-5.5 minutes
 2. Let Pizza rest for 2 minutes. Transfer to solid pizza pan before cutting into 8 equal pieces. If holding hot for service, do not cut until last minute.
- CCP: Hold hot at 140°F or above until service.
