RE: Total Meat Equivalents For GFS Turkey Products

Recently, we received your request regarding Child Nutrition labeling status for 15 products that we produce for Gordon Food Service. We feel it is important to point out that this item is not currently being labeled under the Child Nutrition Labeling program. However, we did calculate the total Meat Equivalents for the Turkey Breast for your use. Based on the product formulation, our calculations indicate that a 4.0 oz serving of Turkey breast the following equivalents for Nutrition Meal Pattern Requirements:
