

CANNED YORK IMPERIAL SLICED APPLES in 112-ounce can

Knouse Identification Code: FSLR0100 (30570)

Effective Date: February 2012

Product Description:

Properly matured, sound York Imperial apple slices packed in water with just enough sweetener added to restore fruit solids to their natural level. The apples are peeled, cored, sliced, and carefully inspected; followed by vacuumization and steam blanching to inactivate oxidative enzymes, tenderize the fruit, and stabilize it against shrinkage when further cooked or frozen. The hot slices are filled into washed containers and topped with syrup. After the cans are sealed, the product is processed at a temperature and time adequate to assure commercial sterility and then cooled in chlorinated cold water.

All processing and packaging complies with the Federal Food, Drug and Cosmetic Act and all other applicable state and federal regulations.

Knouse Foods products are packed under the supervision of the Union of Orthodox Jewish Congregations and are certified as kosher when bearing the **U** symbol on the label in accordance with a UOJC signed agreement.

Ingredients:

Sliced apples, water and high fructose corn syrup.

Physical Properties:

Flavor: Pleasing, characteristic apple flavor.

Color: Uniformly bright, light golden color, free from discoloration due to oxidation, overcooking, or other causes.

Uniformity: Contains at least 90% whole slices of 1-1/4" in length or longer and which vary no more than 1/4" in thickness.

Texture: Uniformly tender in texture, yet firm enough to withstand baking without becoming too soft. Slices have well defined edges with not more than 5% of the drained weight consisting of mushy slices.

pH: < 4.20

Microbiological: Commercially Sterile

Packaging:

Case Pack: 6 - 7 lb. (112 oz.)
 Unit Dimension: 6.160" d. x 6.975" h.
 Net Weight: 42.00 lb.
 Gross Weight: 47.50 lb.
 Case Dimensions: 18.625" l. x 12.625" w. x 7.188" h.
 Case Cube: 0.978 cu ft
 Cases/Pallet: 56 (8 per layer/7 high)

Product Handling:

After opening, transfer to covered storage container and refrigerate; best if used within 10 days.

Storage:

Dry storage is recommended between 40 deg. F. and 80 deg. F.
Maximum recommended product life 36 months.
