¹FBG calculations for vegetables are in quarter cups. See chart on following page for quarter cup to cup conversions. - Vegetables and vegetable purees credit on volume served. - At least 1/8 cup of recognizable vegetable is required to contribute towards the vegetable component or a specific vegetable subgroup. - The other vegetable subgroup may be met with any additional amounts from the dark green, red/orange, and beans/peas (legumes) vegetable subgroups. - School food authorities may offer any vegetable subgroup to meet the total weekly requirement for the additional vegetable subgroup. - Please note that raw leafy green vegetables credit as half the volume served in school meals (For example: 1 cup raw spinach credits as 1/2 cup dark green vegetable. Legumes may credit towards the vegetable component or the meat alternate component, but not as both in the same meal. The school menu planner will decide how to incorporate legumes into the school meal. However, a manufacturer should provide documentation to show how legumes contribute towards the vegetable component and the meat alternate component. See chart on the following page for conversion factors - The PFS for meat/meat alternate may be used to document how legumes contribute towards the meat alternate component.
