Finished Product Quality

Color: Representative of the light tuna species and shall not be darker than Munsell value 5.3 as specified by the U.S.F.D.A. Color Variations within the pouch shall be minimized and may result in product downgrades.

Odor: Shall have a fresh, appealing, delicate odor of good quality fish. Rancid, acid, sour, spoiled, oxidized, uric, foul, putrid and "green" odors shall be absent, as well as any odors not part of the tuna, such as ammonia and other contaminants.

Flavor: Shall have a fresh, appealing, delicate flavor of good quality fish.

Workmanship: A chunk pack consists of whole loins and pieces. Flakes and small pieces shall not exceed 35% by weight in proportion to the loins remaining on a ½ inch mesh screen. The small pieces and flakes shall be randomly distributed throughout the pack.

Defects: Quality score shall be > 87% as determined by the StarKist Grading Procedure.

Free Liquid: < 15 mL

pH: 5.8 to 6.3

Salt: 0.85-1.25%

Kosher Status

StarKist Co. uses the Union of Jewish Orthodox Congregations of America inspection service. This product is manufactured in accordance with OU requirements.

Dolphin Safe

All pouch tuna products are packed using tuna not caught in schools that associate with dolphins nor tuna caught in gill or drift nets.
